

STEM Words BINGO

Look around for examples of these. You can play with other people, first person to find five in a row wins, or play on your own and see if you can find all of them. Good luck!

 <p>Something powered by electricity</p>	 <p>Something with gears</p>	 <p>Something which reflects</p>	 <p>Something designed by an engineer</p>	 <p>Something living</p>
